

# Roundabout

## How to Play?

- With a partner of similar size and sex children form a circle.
- The pairs then stand mounted in a piggy back fashion all facing outwards.
- On the word 'Go' the jockey dismounts their horse, crawls through horses legs and sprints around the circle and returns at the end of lap to the mounted position.

# Roundabout

## Make it harder

- Challenge jockeys by asking them to reverse through horses legs.

## Make it easier

- Rather than taking the piggy back position just stand behind partner.
- Children run around partner rather than through legs.
