

# Skin The Snake

## How to Play?

- Groups of five.
- Four players line up one behind the other and form a chain by putting hands on each other's waists.
- Player 5 stands in front facing the group.
- The person facing the group has to try and tag (or get the "tail") off the last person in the line.
- The group needs to move in a snake like manner to prevent them from being tagged.

# Skin The Snake

## Make it harder

- Add more people to the snake.
- Use a larger playing area.
- Limit the chasers movements (Only sideways)

## Make it easier

- Reduce numbers in snake.
- Make playing area smaller.
- Add more tails which will be easier caught.
